Dear Michael,

I have no objections to this application. The route of the new pipe is within the Simonside Hills SSSI/SAC, but it is not within an area with the features of interest of the SAC or any other features noted in the SSSI citation. No trees will be affected by the proposal. I note the comments given by Natural England and agree they should be made a condition, including the route to avoid a flush area.

Yours sincerely,
Gill Thompson
