Subject: RE: Planning Application Consultation 14NP0050 2 Kern Green, Stonehaugh, Wark, Hexham, Northumberland, NE48 3DZ

Dear Michael,

I have now read the bat report added to this application and I have no objections to the development provided the mitigation outlined in section F of the report is made a condition - this includes removing tiles by hand. Although only one night of emergence survey was carried out, I will accept this as it was in peak breeding time and the likelihood of a maternity roost or other roosts in the vicinity of the proposed works are low due to the results of the external and internal inspection.

If you would like further clarification, please get in touch.

Yours sincerely,  
Gill Thompson
