Dear Chris,

There are two public footpaths (Tasset 22 and 39) within the Greenhaugh Hall land holding. With reference to the information in the Design and Access statement, I would envisage that the proposed plans will not impact on the public's means of accessing these routes and would welcome any increased access offered to the gardens.

I will have no objection to the proposals on the condition that the Public Rights of Way in the vicinity are protected throughout. The planned works must have no effect on accessing these routes. No action should be undertaken to disturb the surface of the paths, obstruct the paths or in any way prevent or deter public use of the paths without the necessary legal diversion or closure order having been made.

Yours sincerely  
Lorna Lazzari
