Subject: RE: Planning Application Consultation 14NP0069 Redmire, Tarsset, Hexham, Northumberland, NE48 1NX

Michael,

14NP0069 - Construction of storage shed at Redmire, Tarsset, Hexham, Northumberland, NE48 1NX

Thank you for consulting me on the above application. I wish to make the following comments on the potential landscape and tree implications associated with this proposed development.

- From a landscape perspective, whilst visible from the Lanehead to Thorneyburn Common minor county road the location of the proposed storage shed next to the existing larger agricultural shed would not have a significant detrimental effect upon the landscape character or views of this part of the National Park.
- I understand from the application form that the proposed shed does not require any new external lighting thus the dark skies status of the National Park should not be threatened by an increase in light pollution as a result of this application.
- I understand that the proposed development will not affect any notable trees and as such a tree survey is not required.

If you have any questions in relation to the above please do not hesitate to contact me.

regards
