Dear Michael,

The proposed location is approximately 80 metres to the east of public footpath 25 in Alwinton parish, therefore I would envisage that the plans will not impact on public use of this route, the 2 bridleways in the area and on other existing public access rights.

I have no objection to the proposals on the condition that the Public Rights of Way in the vicinity are protected throughout. The planned works must have no effect on accessing these routes. No action should be undertaken to disturb the surface of the paths, obstruct the paths or in any way prevent or deter public use of the paths without the necessary legal diversion or closure order having been made.

Yours sincerely
Lorna Lazzari
