Dear Michael,

There is one public bridleway (Alwinton 16) in very close proximity to the site and one public footpath (Alwinton 25) joins this route to the south of the site. The public bridleway co-exists with the main access route to Uswayford Farm and as such I would envisage that the proposed plans will not impact on the public's means of accessing these routes.

I will have no objection to the proposals on the condition that the Public Rights of Way in the vicinity are protected throughout. The planned works must have no effect on accessing these routes. No action should be undertaken to disturb the surface of the paths, obstruct the paths or in any way prevent or deter public use of the paths without the necessary legal diversion or closure order having been made.

Yours sincerely
Lorna Lazzari
