Dear Mr Jones

Town and Country Planning Act 1990

**Application Reference
Number : 14NP0092**

**Proposed Development : Forestry Determination in respect of proposed
new road approximately 160 metres in length
including a new water crossing**

**Location : North of Blackaburn, 1.8 km North of
Stonehaugh, Wark, Hexham, Northumberland**

The above application has now been made valid and the Development Management file is now available. Copies of the application forms and supporting plans and drawings will be placed in the filing cabinet in the Front Office. The application and related plans may also be viewed on our planning website at

<http://nnpa.planning-register.co.uk/plaPlanningAppDisplay.aspx?AppNo=14NP0092>.

<i>Specific items identified</i>	<i>Y/N</i>	<i>Detail</i>

I would be grateful to receive your comments within 14 days of the date of this email.

NORTHUMBERLAND NATIONAL PARK AUTHORITY

ARCHAEOLOGICAL NOTIFICATION

Relating to Planning Application

Application Reference Number 14NP0092

:

Description Forestry Determination in respect of proposed new road approximately 160 metres in length including a new water crossing at North of Blackaburn, 1.8 km North of Stonehaugh, Wark, Hexham, Northumberland

1. Archaeological Implication

No Archaeological constraint

Possible/Probable Archaeological constraint

Definite Archaeological constraint

2. Recommendation

No objection.

3. Reason for Recommendation

The existing road/track, though much altered, follows the same general course as the historic track marked on the 1st edition Ordnance Survey map, where the proposed line of the new forest road cuts across a relict enclosed field marked on the 1st edition Ordnance Survey map which historically formed part of Blackaburn Farm. This is marked by the presence of earthworks visible on aerial photographs.

However, I do not anticipate that the proposals will cause harm to unrecorded archaeological features or deposits and I have no objections to the proposal on the assumption that earthworks and other surface remains for past land use are avoided or recorded by photography prior to works commencing.

Signed :

Chris Jones
