

1x SMA STP 10000 TL-10

## track\_10\_max

9.54 kWp Dual-Axis Tracking Bundle

36x Yingli Panda 265

1x sonnen\_system 3\_60

**Earn up to 45%  
more yield compared  
to fixed-mount  
PV installations!**

A product of *Kirchner Solar Group*

## sonnen\_system 3\_60 Dual-Axis Tracker

- High precision astronomical control
- 4 m standard mast
- Safeguard 3 protection system
- Comes with SMA Sunny WebBox
- Incl. manual control, module brackets and RS485 interface

## SMA Sunny Tripower 10 000 TL-10

- Three-phase feed-in inverter with 10 kW power output
- High efficiency of up to 98.2%
- Optiprotect safety concept ensures maximum availability

## Yingli Panda 265 Series YL265C-30b

- Monocrystalline module technology
- 265 W power output
- Frames optimised for high static loads

**Earn up to 45% more yield compared to fixed-mount PV installations!**

Location Munich, Germany Source: PV SOL Pro 4.5 set	Fixed-mount PV array	sonnen_system tracker 60 m <sup>2</sup> module surface
PV output (36 x Yingli YL265C-30b)	9.54 kW	9.54 kW
Energy produced p. a.	9712.6 kWh	14 111.0 kWh
Specific annual yield	1016.0 kWh/kWp	<b>1477.0 kWh/kWp</b>
