From: Gill Thompson Sent: 30 July 2015 15:52 To: Chris Stanworth; Susannah Buylla Subject: FW: The Sill Bat Barn

Dear Chris and Susannah,

I can confirm that I am happy with these revised plans for the bat barn showing the crevices on the top part of the cladding. I also note the reply regarding the confirmation of the use of bitumastic felt and removal of the fire retardant from the spec. I would be happy for you to discharge the relevant condition from an ecological point of view.

Regards, Gill
