Dear Rebecca,

The proposed location for the new road appears to be along an existing forest ride and will link to public bridleway 25 in Greystead Parish at the eastern end. In this respect it should not impact on public access in the area and could provide an easier route for those on foot within the area's dedicated open access.

I have no objection to the proposals on the condition that the Public Right of Way in the vicinity is protected throughout. The planned works must have no effect on accessing this route. No action should be undertaken to disturb the surface of the path, obstruct the path or in any way prevent or deter public use of the path without the necessary legal diversion or closure order having been made.

Yours sincerely  
Lorna Lazzari
