Dear Chris,

Having looked at the proposals, there is one public footpath in the immediate vicinity of the site. Kilham footpath 5 runs for a distance of 1,800 metres from Longknowe in the north-east, following the access road through the middle of the property at Thompsons Walls before heading south-west to terminate at the property at Elsdonburn Shank. This footpath also co-exists with the U1017 minor road from Kilham to Elsdonburn Shank.

I have no objection to the proposals on the condition that the Public Right of Way and Public Highway is protected throughout. The planned works must have no effect on accessing these routes. No action should be undertaken to disturb the surface of the path, obstruct the path or in any way prevent or deter public use of the path without the necessary legal diversion or closure order having been made.

Yours sincerely
Lorna Lazzari
