1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

APPLICATION REFERENCE NUMBER : 15NP0096

Reason: For the avoidance of doubt and to ensure that the development accords with Policies 1, 2, 3, 5, 9, 10, 12, 14, 15, 18, 19, 20, 22, 25 and 28 of the NNPA Core Strategy and the National Planning Policy Framework.

3. Prior to the fixing of any additional external lighting within the site or a change to the approved lighting scheme, details of the external lighting shall be submitted to and agreed in writing by the Local Planning Authority. Details should include:

- The specific location of all external lighting units;
- Design of all lighting units;
- Details of beam orientation and lux levels; and
- Any proposed measures such as motion sensors and timers that will be used on lighting units.

The approved lighting scheme shall be installed in accordance with the approved details and shall be maintained as such thereafter, unless removed entirely.

Reason: In order to ensure that there is no harmful effect upon the tranquillity and intrinsically dark character of the area, including the Northumberland Dark Sky Park through excessive light pollution, in accordance with Core Strategy Policy 19 and the NPPF

4. The lodges hereby approved shall be occupied for holiday purposes only, shall not be occupied as a person's sole or main place of residence or for any purpose between 15th January and 15th February in any year.

Reason: To prevent a permanent and unrestricted residential use in a location where this would not otherwise be in accordance with adopted planning policies, namely Policies 5, 9 and 10 of the Northumberland National Park Authority Local Development Framework Core Strategy and Development Policies Document

5. Prior to first occupation of the lodges hereby approved, a sufficient supply of potable water shall be connected to serve the development, in addition to existing consumers.

Reason: To ensure that there would be a sufficient supply of wholesome water to serve the development, without having a harmful effect on local amenity through effects on other private water supplies, in accordance with Policies 1, 3 and 27 of the Core Strategy.

6. Any historic or archaeological features not previously identified which are revealed when carrying out the development hereby permitted shall be retained in-situ and reported to the Local Planning Authority in writing within 7 working days. Works shall be halted in the area/part of the building affected until provision has been made for the retention and/or recording in accordance with details submitted to and approved in writing by the Local Planning Authority.

Reason: In order to ensure the protection and preservation of surrounding cultural heritage assets and that these are not adversely affected by the development, having regard to Policies 1, 3 and 18 of the Northumberland National Park Core Strategy and NPPF Paragraph 128.

Informative Notes :

1. This planning permission is granted in strict accordance with the approved plans. It should be noted however that:
 - a) Any variation from the approved plans following commencement of development, irrespective of the degree of variation, will constitute unauthorized development and may be liable to enforcement action.
 - b) You or your agent or any other person responsible for implementing this permission should inform the Northumberland National Park Authority's Development Management team immediately of any variation from the approved plans and ask to be advised as to the best method to resolve the matter. Most proposals for variation to the approved plans will require the submission of a new application.
2. This Planning Application is granted subject to conditions and it is the owner and the person responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. If there is a condition that requires work to be approved prior to the commencement this is called a 'condition precedent'. The following should be noted with regards to conditions precedent:
 - a) If a condition precedent is not complied with, the whole of the development will be unauthorized and you may be liable to enforcement action.
 - b) In addition if a condition precedent is breached, the development is unauthorized and the only way to rectify the development is the submission of a new application.

If any other type of condition is breached then you will be liable to a breach of condition notice.

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against the relevant policies in the National Planning Policy Framework and the Northumberland National Park Core Strategy and Development Policies Document. Please note that this is not approval of plans under the Building Regulations. Also, this Planning Permission does not convey any approvals required under any other legislation, or override property rights held by other parties. Your attention is drawn to the notes attached. Failure to discharge planning conditions may result in the development not being authorised and subject to legal challenge.

NOTES

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he or she may by notice served within six months of the date of this notice, appeal to the Secretary of State in accordance with Section 78 of the Town and Country Planning Act 1990. Notice of Appeal may be submitted electronically via www.planningportal.gov.uk/pcs or on the Planning Appeal Form which may be obtained from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not, however, required to entertain such an appeal if it appears to them that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order.
- (2) If permission to develop land is refused, or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he or she may serve on the Council within the boundaries of which the land is situated, a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
- (3) In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused, or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
- (4) Please note that only the applicant has the right to appeal. Third parties have no right to appeal against a planning decision.
