Good Afternoon,

I refer to the above notification, for which I am case officer.

The particulars of the proposed development provided state *that it is proposed to erect approx. 1.5 metres of ABC wire upon existing overhead lines*. Having examined the information submitted, it would appear that there is significantly more wire to be replaced than 1.5 metres. I have noted a distance of 208 metres in the bottom of drawing number 31\_703529\_02 Rev. A (scale 1:1250), which seems to be more sensible.

Please could you review the information submitted and confirm the distance of wire to be replaced.

I look forward to hearing from you in due course.

Kind regards,

Rebecca
