Reference No. 16NP0070

TOWN AND COUNTRY PLANNING ACT 1990  
**TOWN AND COUNTRY PLANNING ( DEVELOPMENT MANAGEMENT PROCEDURE )  
( ENGLAND ) ORDER 2015**

**Agent :**

Spence and Dower  
25 Main Street  
Ponteland  
NE20 9NH

**Applicant :**

Mr John Wollaston  
The Tower  
Elsdon  
Newcastle upon Tyne  
NE19 1AA

Under the above Act, Northumberland National Park Authority hereby grants planning permission for:

**Removal of existing rear extension and construction of 2 no. rear extensions, re-roofing of property and change of use of land to facilitate creation of access and driveway at Harbinger House, Elsdon, Newcastle Upon Tyne, NE19 1AA.**

as described in application reference **16NP0070** and in the plans and drawings attached to it, subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: To ensure that the development is commenced within a reasonable period of time from the date of this permission and to comply with Section 91 (as amended) of the Town and Country Planning Act 1990 and Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following approved plans and documents:
  - Application form, dated 15th July 2016
  - Design and Access Statement, dated 15th July 2016
  - Location Plan (as amended), dated 25th July 2016
  - Proposed Site Plan (as amended), dated 25th July 2016
  - Plans and Elevations and existing and proposed, dated 15th July 2016
  - 'Turfmesh Range' Product Data Sheet, dated 1st September

**APPLICATION REFERENCE NUMBER : 16NP0070**

- Email correspondence, dated 5th September 2016

Reason: For the avoidance of doubt and to ensure that the development accords with Policies 1, 2, 3, 5, 17, 18, 19, 20 and 25 of the NNPA Core Strategy and the National Planning Policy Framework.

3. The horizontal timber boarding to be used in the finish of the 2no. rear extensions hereby approved shall match the colour of those used in the finish of the existing property known as Harbinger House as closely as possible.

Reason: In the interests of the satisfactory appearance of the development, to conform with Policies 1 and 3 of the Northumberland National Park Authority Core Strategy and the National Planning Policy Framework (NPPF)

4. Prior to the fixing of any external lighting required in connection with the extensions hereby permitted, details of the external lighting shall be submitted to and agreed in writing by the Local Planning Authority. Details should include:

- The specific location of all external lighting units;
- Design of all lighting units;
- Details of beam orientation and lux levels; and
- Any proposed measures such as motion sensors and timers that will be used on lighting units.

The approved lighting scheme shall be installed in accordance with the approved details and shall be maintained as such thereafter, unless removed entirely.

5. The developer shall ensure that a suitably qualified archaeologist is present during the undertaking of any ground disturbing works required in connection with the proposed 2no. rear extensions hereby permitted, so that an archaeological watching brief can be conducted. The archaeological watching brief shall be undertaken to the standards of the Institute of Field Archaeologists. The Local Planning Authority shall be informed, in writing, at least two weeks prior to the commencement of the development of the name of the said archaeologist. No work shall begin until the Local Planning Authority has confirmed, in writing, that the proposed archaeologist is suitable. A copy of the watching brief report shall be submitted to the Local Planning Authority within two months of the fieldwork being completed by the archaeologist.

Reason: In order to ensure that provision is made for the recording of any archaeological features or finds during the development, in accordance with Core Strategy Policy 18 and the NPPF.

**Informative Notes :**

1. This planning permission is granted in strict accordance with the approved plans. It should be noted however that:
  - (a) Any variation from the approved plans following commencement of the development, irrespective of the degree of variation, will constitute unauthorised development and may be liable to enforcement action.
  - (b) You or your agent or any other person responsible for implementing this permission should inform the local planning authority immediately of any proposed variation from the approved plans and ask to be advised as to the best method to resolve the matter. Most proposals for variation to the approved plans will require the submission of a new planning application.
  
2. This consent is granted subject to conditions and it is the owner and the person responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a `condition precedent`. The following should be noted with regards to conditions precedent:
  - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
  - (b) In addition if a condition precedent is breached, the development is unauthorised and the only way to rectify the development is the submission of a new application. If any other type of condition is breached then you will be liable to a breach of condition notice.
  
3. The applicant should ensure that no construction materials are stored on the public highway which would cause obstruction and danger to users of the highway.
  
4. The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the

foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Your attention is drawn to The Coal Authority Policy in relation to new development and mine entries available at: <https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

Property specific summary information on past, current and future coal mining activity can be obtained from: [www.groundstability.com](http://www.groundstability.com)

If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. Further information is available on The Coal Authority website at: [www.gov.uk/government/organisations/the-coal-authority](http://www.gov.uk/government/organisations/the-coal-authority)

### **Positive and Proactive Planning Statement**

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against the relevant policies in the National Planning Policy Framework and the Northumberland National Park Core Strategy and Development Policies Document. As a result, the Local Planning Authority has been able to grant permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Dated this: **12 September 2016**

**National Park Officer**

**APPLICATION REFERENCE NUMBER : 16NP0070**

**Please note that this is not approval of plans under the Building Regulations. Also, this Planning Permission does not convey any approvals required under any other legislation, or override property rights held by other parties. Your attention is drawn to the notes attached. Failure to discharge planning conditions may result in the development not being authorised and subject to legal challenge.**

## NOTES

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he or she may by notice served within twelve weeks of the date of this notice, appeal to the Secretary of State in accordance with Section 78 of the Town and Country Planning Act 1990. Notice of Appeal may be submitted electronically via [www.planningportal.gov.uk/pcs](http://www.planningportal.gov.uk/pcs) or on the Planning Appeal Form which may be obtained from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not, however, required to entertain such an appeal if it appears to them that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order.
- (2) If permission to develop land is refused, or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he or she may serve on the Council within the boundaries of which the land is situated, a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
- (3) In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused, or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
- (4) Please note that only the applicant has the right to appeal. Third parties have no right to appeal against a planning decision.
