

PROPOSED SITE LAYOUT  
Scale 1:250

The contractor is to check and verify all building and site dimensions, levels and sewer invert levels at connection points before commencing work.

This drawing is to be read with and checked against structural and specialist drawings provided for the work.

The contractor is to comply in all respects with the current Building Regulations whether specifically stated on the drawings or not.

This drawing and the building works depicted are the copyright of Currie and Currie LLP and may not be reproduced except by permission.
