Subject: RE: Planning Application Consultation 16NP0107 Coldlaw Northumberland

Dear Chris,

When I responded to the original application for this track (15NP0030) I was under the impression that this parking/turning area was included in the application as it was surveyed as part of the ecological survey - there were quadrats and photos of the area. I had therefore taken it into account with my comments to that application (including the Habitats Regulation Assessment) and have no further comments to make. I would however add that the seeding/revegetation that we asked for as a condition needs to apply to this area also and the details that were given in the application 15NP0073 to discharge the condition should be followed for this area as well as we need to ensure that this area revegetates.

Yours sincerely,  
Gill Thompson
