Dear Ms Adams

Non Material amendment to planning permission 16NP0089 (rear extension roof Material from zinc to fibre glass) Removal of existing derelict railway carriage, construction of car port/garage incorporating solar panels and covered link to property. Demolition of existing rear extension and construction of replacement extension and construction of fuel hopper at Whitlees Elsdon Newcastle Upon Tyne NE19 1BT

I confirm that the application for a non material amendment to planning permission 16NP0089 relates solely to the roof of the single storey extension at the rear of the property, shown on the approved plan as being zinc.

The application does not relate to the car port/garage, or the fuel hopper in the approved plan. Nor does it relate to the pergola or fuel store, items which were deleted from the original application.

Yours sincerely

Susan V Finch
