Hi Rebecca,

I am happy with this if the mitigation in section 2 of the report is made a condition for bats and barn owls. I think you mentioned that the external box is outside the current planning red line site boundary so I would need to be certain that the location could be made a condition. If so, I have no objections.

Regards,
Gill

Hi Gill,

Just to let you know that the protected species survey for the Greystead Institute application (ref. 17NP0061) has come in today. I would appreciate any comments that you may have on this.

Rebecca
