Dear Sir/Madam,

Thank you for sending me notice of the Planning Application: 19NP0042.

Having viewed the supporting documents setting out the location and type of external lighting being proposed, I can confirm that the 'Argos Home Classic 4 Panel Black PIR Lantern' is compliant with recommendations made in the Lighting Master Plan for the Northumberland International Dark Sky Park.

I would advise that the applicant also fit a light bulb with a maximum lumen output of 600 lumens, with a colour temperature of 3000 kelvins or less, as this would be the most appropriate type of ambient light in such a rural location.

Kind Regards
