Good afternoon Colin,

Many thanks for your email. We confirm the following:

1. A package treatment has been proposed to handle the foul water drainage due to the fact that High Stokoe Farm sits some 1.2m east of Falstone (the nearest main sewer)
2. Please find attached a copy of the form FDA (Foul Drainage Assessment), duly signed and dated as requested.

Many thanks for your assistance.

Best regards

---

Dear Julian,

I refer to the above application.

I have been having a look at the Foul Drainage Assessment (FDA – copy attached) for the above and noted that no explanation has been given as to why it is not feasible to connect to the public foul sewer network. I assume that it is because of the distances involved (our records indicate that the closest connection is at Falstone / Stannersburn) but it would be helpful if you could confirm. I would also be grateful if you could arrange to for the declaration at Section 13 to be signed.

I look forward to hearing from you.

Regards,

Colin
