Hi,

Thank you for your e-mail received in my absence on annual leave. I returned to the office yesterday and am catching up on e-mails.

I have had a look at the location plan in question in conjunction with the Village Green Land Register but unfortunately, due to the historic nature of the register, the location plan does not provide sufficient detail to enable us to identify the proposed development land in relation to the registered green within Elsdon and therefore whether we can indicate whether the development would encroach upon registered village green.

I wonder if the applicant could be requested to provide a further plan showing the land in question together with, for example, the Pinfold, the Bush Inn, the Rectory or the Graveyard all of which appear on our historic Register.

Many thanks,

Helen Lancaster
