Subject: RE: Planning Application Consultation 19NP0074 Vindolanda, Bardon Mill, Hexham, Northumberland, NE47 7JN

Dear Colin,

I have no objections in the variation of the roof from zinc to sedum in this application compared to the previous application 18NP0081. My previous comments from that application are still valid regarding the bat boxes (see below).

If you have any queries, please get back in touch.

Yours sincerely,  
Gill Thompson

Comments from 23/10/18 on 18NP0081:

I have looked at the bat and ecological reports and have no objections to this application. No bats were recorded in the buildings to be demolished, two of which are considered low risk. Since there are bats in the vicinity (including a maternity roost) I do think the addition of some additional bat boxes as suggested by the consultant would be a good idea to condition.
