A very detailed response indicated that the principle of a new dwelling in this location could be supported but the proposals submitted at this time were very sketchy. A further Pre-Application submission was made in March 2019 when proposals were more fully developed and comments were issued 17th May 2019, ref. 19/0024 by Colin Godfrey. Again, comments were generally very supportive and we have amended the proposals submitted here for consideration in accordance with the guidance offered.
