Dear Mr Hosker,

Application for determination whether prior approval of details is needed for telecommunications development under Schedule 2, Part 16 of The Town and Country Planning (General Permitted Development Order)

Installation of 12.3 metre streetworks pole and associated infrastructure, including omni antenna, GPS antenna and 3G antenna to total height of 13.8 metres at Elsdon Village Hall, Elsdon, Northumberland, NE19 1AB

With reference to the above application reference **20NP0015**, Northumberland National Park Authority has determined, under its planning powers as specified in the application, that **prior approval is not required**.

The development should begin within a period of five years from the date of this approval and shall be carried out in accordance with the details submitted with the application. The development shall be removed as soon as reasonably practicable after it is no longer required for electronic communications purposes.

Please note that this is not approval of plans under the Building Regulations or any other consents procedure.

Yours sincerely,

Tony Gates
National Park Officer
