Dear Susannah,

I have reviewed the information provided with the application. Adjacent to the proposed location for the pop up livestock housing is HER 12545 *Town Shields Farm enclosure*. This has been described as the faint traces of linear boundaries which may have defined former enclosures associated with Town Shields Farm and have been reduced by ploughing.

The proposal is in likelihood avoiding these faint traces and in the worst case would cause less than substantial harm. Therefore I have no objection.

Kind regards,

Chris
