

Ref  
Planning application  
4 dwellings south  
of Gallalaw, Alwinton Village.

Alwinton Parish Council

Dear Sir,

The parish council have met and viewed these plans which they agreed to with the following comments about the pavement. They felt that apart from the actual entrances the existing wall should remain as a deterrent to parking opposite the existing houses at Gallalaw and creating congestion on the narrow road. People using the Nat Park car park can move along the village using the existing path on the same side as the car park. The wall is covered with moss which gives it character and locals have planted the narrow grass verge with perennials.

Yours sincerely,

Clerk.
