**Date:** 21 May 2021 15:11:32

---

Hi Adam;

Further to the request below to review the planning application consultation for the grouse butts proposal on Hare Law, Ilderton (R. Brown & Sons/Lilburn Estates), and subsequent communication to confirm scope of consideration required, I have looked through the documents submitted as part of this planning application.

From a perspective of impact of the proposals on land management interest of the site in question, I have no objection to the planning application, given that an appropriate ecological assessment has been undertaken (including checking of peat depths at the proposed locations), and mitigation proposed to negate impacts on valuable habitats and species, which will be considered in greater depth via the consultation with the NP ecologist.

Kind regards,  
Tracy

*Please note that I work a four-day week, with my usual none-working day being Wednesday*
